BIG REAL ESTATE SALE.

Maysville Fairgrounds Sold Yester-
day to Andrew C. Sphar.

One of the most valuable pieces of real es-
tate in this locality changed hands yesterday,
when Mr. John Duley, as Agent for the owners,
sold the Maysville Fairgrounds.

The owners were Messrs. James W. Fitzgerald,
P. P. Parker, David Hechinger and Thomas
A. Keith, the purchaser was Mr. Andrew C.
Sphar, and the price was \$10,000 cash.

The purchase embraces all that part of the
land lying between the C. and O. Railroad and
the river, comprising about 60 acres, and in-
cludes the Amphitheater, Floral Hall, stables
and all other buildings.

There is nowhere in this section a more de-
sirable location for a Fairground; or one on
which more money has been expended for im-
provements, the original plat of 89 acres, the
track, buildings, water-works, etc., having cost
fully \$100,000.

The sale will in no way interfere with the
coming Elk's Fair, or probably with any fairs
that may be held for several years to come.

THAT'S THE LEDGER.

The Rev. T. DeWitt Talmage says—
"A newspaper whose columns overflow
with the advertisements of business men has more influence in attract-
ing the attention to any business in any
city or town than any other agency
that can be employed. People go where
there is business, and where there is busi-
ness there is enterprise. No power on earth is so
strong to build up a town as newspaper
power well patronized, and this power
should be appreciated."

THE BEE HIVE!

A BIG CIRCUS! ss

Once upon a time there was a great circus in Coatsville, and the circus had such a great reputation that country people many miles around
came to see it; in fact, a great many that came had a hard time to get standing room. This circus always played at Coatsville, and of course the
merchants of Coatsville had big trade. Around Coatsville there were a great many little country towns, and they found that their little circus did
not bring the crowds or even keep the people from going to Coatsville, so these little places had a meeting and decided to pass laws to keep the
people home, and placed guards with a big gun on all streets and put a big sign on the gun that read, "Don't go to Coatsville, for we have a circus
of our own that needs boomerang;" but the people went through the fields. MORAL—See that your own circus is all right and you need not bother
about others.

REPUBLICAN CONVENTION.

The Republicans of Mason county will meet at the Council Chamber in the city of Maysville at 2 o'clock Saturday afternoon, May 2d, to select Delegates to the Railroad Convention which meets at Paris on Wednesday, May 6th.

WILLIAM D. COCHRAN, Chairman.

THE Louisville Evening Post says it was claimed by the friends of Mr. HENDRICK that he would come to Louisville with 30,000 majority; and then that paper reverts to some of the occurrences which took place during the Taylor-Goebel campaign of 1899, when

Mr. HENDRICK was in full sympathy with the infamous Goebel Machine.

By way of emphasizing its position The Post says the public will not accept these figures as being accurate to any degree, and it refers to them merely to point a moral and to adorn a tale.

It has been said that the Beckham Machine is in entire control of the Democratic party, and that it will conduct the election regardless of the rights of the other candidates.

The storm center seems to be in Louisville, as it was in the state election in 1899. The Goebel Machine was then in absolute control of the election machinery, as the Beckham Machine now is.

The people had no rights the Machine lead-

ers felt bound to respect. On the contrary, CARUTH and HOERTZ went beyond the law in their determination to prevent in Louisville a free election and a fair count.

The Post then invites the attention of the gentlemen who supported Mr. HENDRICK to this retrospect. They are denouncing Machine methods today, but four years ago in the face of a damnable conspiracy against the people of Louisville, they uttered no word against contemplated election outrages. HOERTZ and CARUTH denied to the Brown Democrats the poor privilege of having inspectors and challengers at the polls.

Then, at the last moment, they changed the officers in eighty-seven precincts, putting the Machine tools in the place of the legally selected Republican representatives.

In all that turmoil there was no protest from Mr. HENDRICK or any of the so-called leaders of the Democrats today.

These gentlemen with delight saw the conspiracy proceed step by step, confident that the vote of Jefferson county would be counted 5,000 for GOEBEL, and insure his election.

The primary of May 9th, 1903, will be dominated by the spirit which dominated the Democratic organization in 1899. What that organization attempted at the general election in 1899 may be executed in 1903 at the Democratic primary. The spirit of the Democratic party has not changed. It was not then, it is not now, the friend of fair elections. Success has made it more defiant, and popular indifference to the result will make it easy to do what it designed to do in 1899, that is, make the returns to suit the political necessities of the faction in control of the election machinery.

A GREAT RECORD.

Hard to Duplicate in Maysville.

Scores of representative citizens of Maysville are testifying on the following subject. Such a record of local endorsement is unequalled in modern times. This public statement made by a citizen is but one of the many that have preceded it and the hundreds that will follow. Read it:

Mrs. W. F. Woodward, residing at West End near Pogue's Distillery, says:

"Pains in the back and other evidences of a disturbed condition of the kidneys were quickly and thoroughly cured by the use of Doan's Kidney Pills which I got at J. Jas. Wood & Son's Drugstore corner of West Second and Market streets. There is no reason why ladies should suffer from backache and kindred troubles when such a reliable and effective preparation can be had."

One may get an appreciation of the magnitude of the St. Louis World's Fair by comparison. The Centennial Exposition covered 236 acres, the last Paris Exposition 336, the Columbian Exposition at Chicago 633, while that at St. Louis will cover 1,180 acres. The total cost of the Columbian Exposition, the greatest the world had ever seen, was \$27,250,000. That of the St. Louis Fair will be \$40,000,000—this exclusive of state appropriations.

Paine's Celery Compound

Says: "I Was Benefited Beyond My Expectation."

The claim that Paine's Celery Compound is the only honest medicine in the world for the cure of terrible neuralgia, nervous and blood diseases, is fully borne out by the strong and convincing letters of testimony received every day of the year by the proprietors of the popular medicine. Nothing else has ever possessed anything like the power of Paine's Celery Compound to restore a healthy nervous tone to the

entire body and to thoroughly cleanse the blood, making it impossible for neuralgia or rheumatism to find a lodgment in the system. Ministers, professional men generally, newspapermen, public officials, and brain workers, men whose daily outlay of vitality, because of hard, trying, anxious work, is excessive, find renewed nerve strength and vitality in Paine's Celery Compound. Its use dispels headaches, dyspepsia, heart trouble, general debility, and languor that are so common in springtime. Rev. James Doherty, Everett, Pa., writes thus:

"I have used Paine's Celery Compound for neuralgia and the blood. I was benefited beyond my expectation. It is indeed the medicine for my system. It keeps everything in good turn. There is no drowsy, worn-out feeling to the user of the medicine. Those who use it and derive no benefit from it, simply abuse it."

At a meeting of the Board of Directors of the Maysville Gas Company, March 28th, 1903, it was ordered, that on and after the 1st day of April, 1903, the above sliding scale price of gas for all purposes, fuel and illuminating, should go into effect for private consumption.

All rates and discounts heretofore made are discontinued.

It was also ordered that after the 1st of April the old rule of the Company, "Gas will be turned off, if account is not paid within five days after presentation," shall be strictly and indiscriminately enforced, regardless of whether it may contraven the law. This action was taken not to appeal to either party, nor with the idea that the accounts of the consumers were not perfectly good any time during the month, or a year later for that matter, but for the good of all concerned and in order that this particular business of the Company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the Company's Agents and employees, now so largely occupied with this work of collecting, might, for a time, be relieved.

We directed toward giving consumers of gas better attention and more efficient supply and service.

It was further ordered that, beginning the first of May, and for each and every consumer, the right and privilege of account of each consumer should be delivered to said consumer by an Agent of the Company on the first day of the month, or second day if the first comes on Sunday, and that said account shall thereafter be due and payable at the office of the Company on Court Street, or at any of its agents, and if not so paid gas will be promptly shut off.

The Gas Company further announces that after the first day of April they will handle and sell at cost price to gas consumers any of the great variety of stoves and ranges sold in the catalogue of the Detroit Stove Works, which price will be equivalent to 50% discount from the list prices in said catalogue. Said stoves will be sold for cash only, or according to the terms of a printed long-term credit payment and extend over a period of from twelve to eighteen months, for instance. Take a gas range listed in catalogue at \$26; the Gas Company will sell this range to consumer for \$13 cash, or for \$2.80 cash at signing of lease and 6% per month for seventeens months, at the expiration of which time the range is sold property of consumer.

The Company has selected to handle the Detroit Jewel Gas Range on account of its known reputation for durability and economy in its consumption of gas.

The Gas Company will also handle and stock the fixtures and mantels of the Weisbach Company in all of their many attractive varieties.

Before closing this announcement the Gas Company wishes to publicly express its appreciation of the services of the Gas Committee, a department accorded them by His Honor, the Mayor, and Board of Council, particularly the Chairman and members of the Gas Committee, through whose efforts in behalf of the private consumers the above concessions in the price of gas are now made.

With the assurance to the citizens of Maysville that it will be the earnest effort of the Company and its Agents to give you the very best service at the very least cost, we beg to remain very respectfully,

MAYSVILLE GAS COMPANY.

P. S.—On and after the 1st of April the Gas Company will have on exhibition at the plumb-ing establishment of Mr. Larry Langefels samples of the Jewel Gas Ranges, to the inspection of which those interested are cordially invited. You can leave your name for a range with any representative of the Gas Committee, Mr. Langefels or your regular plumber, with either of the latter of whom you will have to make arrangements for connecting and fitting up range for use in case you place your order.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weakness peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

They have the most remarkable record of cures made by this world-famed remedy ever placed to the credit of any preparation especially designed for the cure of women's peculiar ailments.

Isaac G. Green, Vice-President of the East End Palmetto Club, of Savannah, and prominent socially there, relates the following experience: "You certainly have produced the finest medicine for suffering women that is to be had in the country. I want to recommend it to everybody to another woman who was old when my darling boy was born. Felt very exhausted and weak for a long time, and it seemed I could not get my strength back. My sister-in-law bought me a bottle of Dr. Pierce's Favorite Prescription (and I have seen several of the other remedies which are so much advertised, and found no relief). I had little faith in the medicine at the time and was so weak and sick that I felt discouraged, but within a week after I had commenced taking your prescription I was like a different woman. New life and vitality seemed to come with each succeeding day, until, in a few weeks, I was in fine health, and a happy, hearty woman. My boy is now two years old, and I am still in perfect health. I am employing perfectly. If at any time I feel tired or in need of a tonic, a few doses of your 'Favorite Prescription' re-enlivens me at once. My address is No. 51 Jones Street, East, Savannah, Ga."

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick of White Plains, Ky., writes: "I have been a dyspeptic for years. Tried all kinds of remedies, but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet. J. Jas. Wood & Son."
